Dear GO-Biz and Energy Commission Partner,

Building on Governor Edmund G. Brown Jr.'s 2013 Trade Mission to China, the Governor's Office of Business and Economic Development (GO-Biz) and the California Energy Commission invite you to submit an application to join a high-level delegation of California businesses to China from October 26th to November 5th. Together with our partners at the CA-China Trade and Investment Office and the California Asian Pacific Chamber of Commerce (CalAsian Chamber), we have organized this delegation to meet with top Chinese government officials, Chinese businesses, and various stakeholders for the purpose of increasing trade and investment.

The trade mission will also highlight renewable energy and clean tech companies interested in boosting their economic ties in China and serve as an opportunity to share our expertise with the Chinese government and develop new economic partnerships that benefit California companies.

Led by GO-Biz Director Panorea Avdis and Energy Commission Chair Robert B. Weisenmiller, the delegation will include representatives from the CalAsian Chamber, the California Environmental Protection Agency, and approximately 30 clean energy executives and California business representatives. The itinerary includes meetings and events with Chinese trade officials and businesses in Beijing, Shanghai, Guangzhou, Nanjing, and Shenzhen, and attendance at the Environmental Protection Technology & Equipment Trade Show hosted by the Chinese Government.

Please visit http://www.calasiancc.org/event/china-trade-mission-2 to learn more about the trip and submit your application to Ms. Henan Li (Email: hli@calasiancc.org by September 23, 2016. Space is limited.

Sincerely,

Panorea Avdis
GO-Biz Director

Robert B. Weisenmiller
Energy Commission Chair
